

Team Assessment CV/DIP course

Michael Heath

October 3, 2020

1 Introduction

Table 1: Team Assessment.

	Self-assessment	Elizabeth Chilcoat	Kelle Clark
attended meetings	5	5	5
communicated	5	5	5
participated	5	5	5
contributed	5	5	5
provided feedback	5	5	5
positive attitude	5	5	5

The team took a different approach on this assignment than on past assignments. We each worked on a different set of operations and maintained a different file in GitLab for each operation. This allowed us to help debug each other's code without interfering with our own. Everyone was helpful and supportive, and provided quick feedback.
